- Snow removal the city of georgetown will have our streets cleared within two hours after the snow stops. After the city is finished, denison (our snow removal contractor) will begin clearing the walks, driveways and parking lots. Per our contract with denison they will only clear snow when the depth is two-inches or more and there is no forecast for warmer weather. Coordination of these events is difficult, and your patience is appreciated. As always, planning ahead for a snow storm will reduce your need to travel before the snow removal is completed.
